PLUMBING SERVICES

Whywait Plumbing | Desert Cartridge Compliance Risk Summary

Legal & Compliance Overview

This document reflects Whywait Plumbing's experience under Queensland law. It is not legal advice. Confirm with licensed professionals for site-specific guidance.

Compliance Summary

- Desert cartridges are not WaterMark certified.
- No major urinal manufacturers approve their use.
- Installations may breach QBCC Act and NCC standards.

Legal and Operational Risks

- Using unapproved products may void warranties.
- Legal fines, insurance issues, and QBCC enforcement possible.
- Odours and blockages due to uric salt buildup are common.

Evidence and Responsibility

- Desert provides no verifiable third-party test data.
- Facility owners and installers are jointly liable for compliance.
- Lack of awareness does not remove responsibility under QLD law.

Recommended Actions

- Replace Desert cartridges with WaterMark certified options.
- Book a compliance inspection with Whywait Plumbing.
- Educate stakeholders using this brief.
